

Inspection Trip Details

Ohlsson Properties are offering Inspection Trips to the island of Sal here in Cape Verde. Inspection Trips take the stress and worry about purchasing a property abroad when you may not be fully familiar with the area. *Ohlsson* Properties are independent agents and can offer the widest range of properties from the latest off plan developments, land and resale apartments, villas and penthouses. We also sell properties on the other islands.

We can recommend accommodation suitable for all budgets here in Sal and we can organise pick up from the airport and bring you to your accommodation. Our expert staff, a mix of English, Welsh, Irish and Cape Verdeans, can advise you of all aspects of visiting and purchasing here in Cape Verde. We will show you a range of properties which to best meet your requirements.

Visitors will be met at the airport by a member of Ohlsson Properties and they will be taken their hotel to relax before their itinerary begins.

For clients wanting to view other islands, we offer Sao Vicente as an alternative investment. Details of these trips can be obtained by contacting us direct.

We offer you a one off payment of 500 Euros per property when you purchase with us. This 500 Euros will be paid upon receipt of the first down payment upon signing of the promissory contract on your property purchase. This payment is limited to one inspection trip whether it is one person or one couple visiting.
